The Reading Room is available to rent for social and other activities, from £5/hour. For details and to book contact, Paula Gardiner paulagardiner1969@gmail.com 07743 861493.		

Open House at Powis

Jane and Colin at Powis House invite all friends and residents of Blairlogie to open house on Thursday 28th December, 2017 from 7.00 p.m. onwards. They will be providing a light buffet with wine, any contributions gratefully accepted. They will be posting invitations to all, but if you would like to confirm now by email Jane's address is janekilgour@hotmail.com.

The Wednesday Club

Now to be the Saturday club as the Wednesday club is no more. The first session will be on Saturday 9th December at 10:00 to finish the job of clearing the lower section of the burn.

Whisky Tasting Night

On the 14th October over thirty neighbours and friends of neighbours were treated to a talk full of fascinating facts, videos and stories, a raffle, quiz and nosing fun, although our combined level of knowledge in the quiz and nosing suggests we're not quite at connoisseur level yet! And for those who wished there was a selection of 7 exclusive fine malts. The evening was hosted by whisky ambassador, Alan Mitchell of straight-fromthecask.co.uk, who very generously donated the remaining whisky to be auctioned, with the funds being retained for the Reading Room funds, resulting in £223.00 being generated by the evening. A big thanks also to Alistair Snowie for providing two bottles of Dumyat whisky!

Macmillan Coffee Morning

A huge thank you to everyone who attended the Macmillan Coffee Morning: we raised £540 for this worthy cause. A particular thank you to Beth, who worked in the kitchen and Kate, who was one of the headless chickens front of house. Your generous donations of money and baking made it all worthwhile.

Una

The redundant buildings at Gogar Mains Farm are to be demolished and eight new houses will be built. These will be of similar quality to the recent development at Powis Mains and will be a welcome expansion of the Logie Community.

Blairlogie is not boring

Road rage in the village street at the last session of the Wednesday club. A quote from the scene "village life - don't you just love it"

Blairlogie is not Brigadoon

An epithet often applied to the village from elsewhere but a thriving community with small businesses, neighbours working from home and its' own fast broadband system. There are occasional social events and illustrated talks in the Reading Room. There is a great Coffee Bothy restaurant and an expanding Manor Farm business park, with new houses and younger people joining the community.

The Phoenix

Progress on the conversion of the former village church is now gathering pace and will soon be completed as another comfortable home.

Bugles for All

Does everyone in your household read the Bugle? Print it out and pin it up in the kitchen or pass on the web reference. We know that many past residents still receive it and like to be kept in touch.
