

Medrox

Medrox was built in 1930, and was first occupied by **David J.McLeish** – a commercial traveller. Details of his family, if any, who also lived at **Medrox**, have yet to be obtained. He lived there until 1971.

In 1972, ownership of **Medrox** passed to **John** and **Mary Smith**. **John** died in 1974, but **Mary** continued to live at **Medrox** until 1976, when she sold the house to **Edith** and **John Howard**.
